

SPENCER GULF TRAINING & EMPLOYMENT SERVICES GUIDE

Supporting regional workforce participation and capability development.

A comprehensive guide to training and employment services in the Spencer Gulf, Eyre Peninsula and Far North of South Australia.

Acknowledgement of Country

RESA acknowledges the Traditional Owners of the land on which we live and work. We recognise the importance of traditions and cultural beliefs of Aboriginal and Torres Strait Islander people, and we offer our respect to Elders past and present.

Disclaimer

This document has been compiled from publicly available information for each of the providers identified. This includes company website and online listings and the national training register. (www.training.gov.au). All information provided is believed to be accurate at the time of publishing. Course and program availability will change from time to time. Please contact providers directly for updates on current programs and services.

This report is supplied in good faith. In no event shall RESA be liable for any incidental or consequential damages arising from any use or reliance on the material provided.

About this Guide

Resources and Engineering Skills Alliance (RESA) is an independent, not-for-profit, industry lead organisation supported by the South Australian government to support programs and activities that support the skills and workforce needs of the resources, infrastructure and energy sectors.

Our priorities focus areas are skills and workforce, regional capability and Aboriginal economic participation.

The Spencer Gulf Training Service Guide has been developed to provide a better understanding of training provider capability across the Upper Spencer Gulf and Far North of South Australia. This guide only includes training and employment service providers that have a footprint (facility) in the region of delivery.

Providers identified may be able to deliver additional services and identified services in locations not identified in this guide on request, or by negotiation. Readers are encouraged to contact providers directly to explore available options.

This guide has been prepared based on publicly available information sourced from organisation websites, online service directories and/or via direct contact for confirmation. The content is to be correct at the time of publishing (September 2023), however users are encouraged to contact providers to confirm services available.

If you are a service provider and would like to either update your details or be added to the guide please contact us at research@resa.org.au.

Providers - Region and Scope of Services

Explore this section to find service providers and the scope of services for each region. Regions included are:

PORT PIRIE – PORT AUGUSTA – WHYALLA – PORT LINCOLN – COOBER PEDY – ROXBY DOWNS – APY LANDS
